What our riders say?

Mark Holtslaw

Yeah, these guys are the real deal. Great insurance and very responsive customer service. Recording your mileage via text to your phone works PERFECTLY and is SO EASY!

Eric Bark

This is perfect for motorcycle riders because you pay per mile instead of expensive 6-month premiums! When I store my bike for the winter I only pay for the miles that I ride.

Carolina Paredes

Love that I can have only one bill for all of my bikes. I have the option to wrench in them and ride only one and pay as I go - per mile!
